Powerful Players to Drive Your Content

At the heart of the VitalCAST™ digital signage system is the Media Player (MP), available in the MP Solo, MP Dual or MP Quad models. The MP Solo is a small but powerful device designed specifically for optimal performance with the VitalCAST digital signage solution.

Communicating with the Content Manager on your desktop computer, the Media Player stores your graphics and video files and distributes information to the appropriate displays based on your chosen schedule and screen configuration.

MP Solo
