FOR IMMEDIATE RELEASE

Texas Digital Announces Changes in Senior Management

(June 1, 2005) College Station, Texas – Texas Digital, a global provider of real-time visual alert communication solutions, announced today that Dr. Robert Bower, Jr. will resume the position of President, while retaining his roles as Chief Executive Officer and Chairman of the Board.

Dennis Davidson has been appointed Executive Vice President and Chief Operating Officer and will direct the day-to-day and strategic operations of the company. “Dennis is the obvious choice for this role, and I am confident that he will be extremely successful in carrying out these responsibilities,” said Dr. Bower. Dennis has been with Texas Digital since 1994 and most recently served as Vice President, Core Products Sales & Support.

In addition, David Meier has been promoted to Director, Core Products Sales & Support.

About Texas Digital:

Established in 1972, Texas Digital is a privately held technology company and leading provider of integrated electronic display solutions to quick-serve restaurants, financial institutions, cinemas, retailers, call centers, help desks, network control centers, data centers, tape operations and distribution centers. With more than 17,000 product installations worldwide—twice as many as its nearest competitor—Texas Digital is the world’s largest provider of drive-thru order confirmation displays and digital menu systems. As a customer-focused company, Texas Digital attributes its leadership position to its commitment to deliver superior products, lasting business relationships, and outstanding service and support.
